Coming from old vines, mainly planted in 1920, completed respectively in 1975 and 1990, our vineyard is committed to environmentally friendly cultivation. Our priority is to allow the authentic expression of the terroir through each vintage.

The vinification and aging are carried out on lees, partially in oak barrels. In order to preserve its intrinsic qualities, the wine is not filtered.

Regarding the sensory characteristics:

The nose reveals a marked richness and intensity, enhanced by floral notes.

On the palate, an elegant structure highlights the aromas of perfectly ripe white fruits, to conclude on a hint of noble bitterness that brings a welcome freshness in the finish.
